Subject: One Pager for the Administrator

FYI – at the request of the R2 RA, yesterday I participated in the meeting with the R2 RA (Pete Lopez), Jennifer and David Dunlap that was scheduled to discuss the 4 NJDEP data reports that we are ready to submit, but on which he asked us to hold off. However, it turned out that the RA Lopez was more interested in making sure the Administrator was aware of the work we are doing in NJ in general and, in particular, John's manuscript. He felt it was important for the Administrator to be aware of these things before submitting the 4 data reports.

So, Jennifer asked me to pull together a one-pager (which is attached) that she is planning to submit to the Administrator. She will also offer a briefing, if he is interested.

Wanted to let you know.
